What does fair share mean?

The contract between OHSU and AFSCME requires that employees represented by AFSCME either become union members or pay a "fair share" of the union's representation costs. In our local, you pay a fair share whether or not you choose to become a member.

Most fair share employees aren't union members because they don't realize they are not. They assume the reduction from their pay means they are a union member. A small number of folks simply don't support unions. All it takes to become a member is signing a card!

How can you tell?

Check your OHSU pay stub. In the area titled "After Tax Deductions", section 34 of the OHSU earnings statement, it will say either AFSCME Dues or AFS if you are fair share.

Become a Member

All you have to do is fill out a membership card and return it to Sarah Cinnamon
 mailcode: SD

You can find our online card on our website under the Local 328 Resources menu. Print and send it to Sarah with your signature.
